Teija Alasalmi - CV

Email: teija.alasalmi@gmail.com
LinkedIn: www.linkedin.com/in/teija-alasalmi
Github: https://github.com/teijatestaaja/

I am a strong testing and test automation professional and an excellent team player. I have been working in software development in various roles since 2005. I have experience in the following industries: pension insurance, financial systems, public administration (Tax, Customs), education, translation, software localization, mobile networks and mobile games. I am fluent in Robot Framework, Python, JavaScript, Java and Kotlin. I enjoy new challenges both at work and in my spare time. My descriptive personality traits include perseverance, curiosity and willingness to experiment. I am a quick learner and I enjoy working in a team to achieve common goals for enabling customers' success.
